

Australian Population Association 17th Biennial Conference 2014

Australia's Population in a Global World

	WEDNESDAY 3 DECEMBER 2014			
8.00	Registration			
9.00	Welcome GRAND BALLROOM 2			
	The Lord Mayor Alderman Sue Hickey			
9.15	APA Presidential address GRAND BALLROOM 2			
	Dr Alison Taylor Chair: Edith Gray			
9.45	Panel session GRAND BALLROOM 2			
	Engaging the media and other clients: how to get your work noticed and talked about Chair: Alison Taylor			
10.30	Morning tea			
11.00	Plenary GRAND BALLROOM 2			
	Tasmania's population: Past, present and future Professor Natalie Jackson (University of Waikato) and Dr Rebecca Kippen (The University of Melbourne) Chair: Alison Taylor			
12.30	Lunch and poster session			
1.30	1A Demography and policy	1B Fertility	1C Maternal and child health	1D Historical demography
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Elin Charles-Edwards	Ann Evans	Santosh Jatrana	David Lucas
	1. Kim Johnstone . Communicating population projections to stakeholders: The New South Wales experience	1. Gordon Carmichael . Estimating paternity in Australia, 1976-2010	1. Jerico Franciscus Pardosi, Nick Parr, Salut Muhidin . Fathers' and grandmothers' perspectives on and knowledge and experience of child health and survival in Ende District, Indonesia	1. Helen Moyle . The historical decline of fertility in Tasmania, Australia: When did it begin and to what extent was it due to 'stopping' or 'spacing' behaviours
	2. Shefali Pawar, Natalie Jackson . New Zealand's first demographic accounting model	2. Amina Keygan . Australian men's intentions for children – what determines them?	2. Teguh Sugiyarto, Gouranga Dasvarma, Lillian Mwanri . Inequalities in maternal mortality in West Java, Indonesia: A micro level analysis based on the population Census of 2010	2. Janet McCalman, Rebecca Kippen . The Founder and Survivors Ships Project: Life courses of convicts transported to Tasmania, 1812-53
	3. Simon Massey, Melissa Tranquille . Can we trust the accuracy of population projections?	3. Wei Chen, Jinju Liu . Recent fertility trends in China	3. Terence H. Hull . Confusion in the measure of Indonesian maternal mortality ratio trends	3. Hamish Maxwell-Stewart . Living in a convict colony

	4. Lisa Denny, Eugene Polkan. Measuring mendicancy: identifying capacity for economic sustainability by developing a measure of government dependency	4. Esther Lavu, Gouranga Dasvarma, Uday Saikia. Fertility behavior of the Motu Koitabu women of Papua New Guinea	4. Salut Muhidin, Maria Silalahi, Jerico Franciscus Pardosi, Rachmalina S. Prasodjo. Community engagement for saving lives at birth in East Nusa Tenggara, Indonesia	4. Jessica Neilson, Denise Carlton. Australian historical population statistics – The ABS Collection
		5. Nick Parr, Kim Johnstone. Fertility in NSW: What we know and implications for the future	5. Nafisa Lira Huq, et al. Quality of antenatal care and identification of severe pre-eclampsia and eclampsia from rural community in Bangladesh	
3.00	Afternoon tea			
3.30	2A Internal migration and urbanization	2B Gender	2C Mortality and population ageing 1	2D Chinese demography
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Lisa Denny	Kim Johnstone	Rebecca Kippen	Terry Hull
	1. Angélique Parr, Neil Argent. Drivers of regional migration in New South Wales, 2006-11	1. Sergi Vidal Torre, Francisco Perales, Philipp Lersch, Maria Branden. Long-distance relocations of families in Australia, Britain, Germany and Sweden: Intersections of gender and institutional context	1. Sophie Pennec, Joëlle Gaymu, Elisabeth Morand, Alain Monnier, Françoise Riou, Régis Aubry, Silvia Pontone, Chantal Cases. Where do people live during their last month of life: is there an age effect?	1. Zhongwei Zhao, Robert Attenborough. The survival of lineage populations in the past: A simulation study
	2. Nicole Micallef, Alison Taylor. Flocking to Sydney: A review of 20 years of regional youth migration in NSW	2. Ann Evans, Edith Gray. Gendered dimensions of living apart together relationships	2. Ian McDermid. Dying with a disease, but not from that disease: Evidence from Australian multiple causes of death data	2. Fei Mao. What factors contributed to family changes during China's rapid economic development?
	3. James Newell. Industrial and demography structures by type of Australian local labour market catchment area in 2011	3. Yan Wei, Dawei Yang. Marriage payment and conjugal power: Findings from hundreds of villages in China	3. Kim Dunstan. Forecasting mortality: Empirical modelling as an input into stochastic population projections	3. Guangzhou Wang . Computer simulation on the parent-child structure of Chinese aged population
	4. Aude Bernard, Francisco Rowe, Sergi Vidal Torre. Life-course transition sequencing and internal migration in Australia	4. Brendan Churchill. Towards a life course perspective on attitudes towards gender roles	4. Nick Parr, Jackie Li, Leonie Tickle. The cost of living longer: Projections of the effects of prospective mortality improvement on economic support ratios for fourteen more advanced economies	4. Chenggang Yang, Yongming Zeng. Spatial Disequilibrium, Population Mobility and Regional Choice of FDI Based on Spatial Panel Data Model in China:1995-2010
5.15-6.15	Borrie Lecture GRAND BALLROOM 2			
	Demography, time and space Professor Martin Bell (University of Queensland) Chair: Peter McDonald			
6.30-8.30	Welcome Reception: Tasmanian Museum and Art Gallery (TMAG) The Hon. Matthew Groom MP , Minister for State Growth, Minister for Energy, Minister for the Environment, Parks and Heritage			

	THURSDAY 4 DECEMBER 2014			
8.00	Registration			
9.00	Plenary GRAND BALLROOM 2			
	Population ageing: An international perspective Professor Sarah Harper (University of Oxford) Chair: Ann Evans			
10.30	Morning tea			
	Book launch: <i>Family Formation in 21st Century Australia</i> (10.45am) - All welcome			
11.00	3A Demographic data and methods 1	3B Regional population issues 1	3C Population ageing 1	3D Internal migration in China
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Sophie Pennec	James Raymer	Santosh Jatrana	Zhongwei Zhao
	1. Jenny Telford . Emerging trends in international census taking	1. Martin Bell, Elin Charles-Edwards, Philipp Ueffing, Aude Bernard, Francisco Rowe, Tom Wilson, Jim Cooper, Nikola Sander . Inter-regional migration in Australia: Thirty years of change	1. Brendan Churchill, Lisa Denny . Thank God you're here: The coming generation and their role in future proofing Australia from the challenges of population ageing	1. Guixin Wang, Jie Shen . Urbanization in China: A new "leap forward"?
	2. Kate Bond, Tracey Chester, Duncan Young . Plans for the 2016 Census of Population and Housing	2. Neil Argent, Trevor Griffin, Peter Smailes . Differential ageing processes in Australia's Murray-Darling Basin	2. Meimanat Hosseini, Peter McDonald . The gendered nature of assistance needs for core activities in older Australians	2. Jiehua Lu, Weijin Wang . Patterns of urban hierarchy and its changes in China since 21 st century: Based on data of prefecture-level cities in 2001 and 2011
	3. Kate Sollis . The 2006-2011 Australian Census Longitudinal Dataset	3. Erick Hansnata . Migration in the Murray-Darling Basin during the Millennium Drought: Does the environmental aspect play a role?	3. Mahin Raissi, Robert Ackland . Homogeneity in personal networks of Australians aged 50 years and over: Evidence from Facebook	3. Xiangjing Meng . Slowing down the urbanization pace and going through peak population period smoothly: Discussion the way of urbanization by analyzing the demographic scenario in China
	4. Lev Makaev . Australian Census and Migrants Integrated Dataset (ACMID), 2011	4. Riyana Miranti, Laurie Brown . Moving up the ladder? Examining the impact of internal migration on occupational mobility in Murray Darling Basin (MDB), Australia	4. Tong Yufen, Li Yumei . Trends in urban and rural population ageing and policy implications in the context of the urbanization of China	
12.30	Lunch and 3-Minute Thesis Competition (Judges: Martin Bell and Ann Evans)			
1.30	4A Indigenous demography 1	4B Regional population issues 2	4C Health and ageing	4D Labour and workforce participation
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Gordon Carmichael	Angélique Parr	Liz Allen	Simon Massey
	1. Guangyu Zhang . Reconstructing fertility levels of Aboriginal and Torres Strait Islander women during 1991-2011 using recent censuses	1. Karen McGuigan . Regional net overseas migration	1. Jeofrey B. Abolos . Gender differences in health expectancy among older persons in the Philippines	1. Barbara Edgar . Ethnic concentration, socioeconomic disadvantage and labour market outcomes in Sydney and Melbourne, 2011

	2. Nicholas Biddle, Paul Campbell, Yin Paradies. A behavioural model of Indigenous identification: Evidence from new data and implications for policy and planning	2. Tricia Chester. Regional internal migration estimates – methods and challenges	2. Laurie Brown, Riyana Miranti, Natalie Jackson, Helen Bartlett. Ageing, health and life satisfaction: A case study of older Australians in the “Fourth Age”	2. Peter McDonald. Temporary skilled migration to Australia: An assessment of the 457 visa programme
	3. Mitchell Valentine, Andrew Taylor. Simulations of changing rates of Indigenous identification change on population growth rates	3. Morgan Rennie. Breaking the regional population myth	3. Bruce Gregor. A passion for survival	3. Laura Walsh. Feasibility study of linking migrant settlement records to personal income tax data
	4. Moana Rarere, Tahu Kukutai. Changing patterns of identification and tribal population growth in Aotearoa New Zealand	4. Jim Cooper, Tom Wilson. How long can we go? Issues in projecting the population of very small areas		4. David Wadley. Labour force dynamics in Australia to 2050: An unauthorised view
		5. Andrew Howe. Restocking and improving Australia’s regional population estimates		
3.00	Afternoon tea			
3.30	5A Population ageing 2	5B International migration, migrant populations and ethnicity 1	5C Indigenous demography 2	5D Youth
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Natalie Jackson	Barbara Edgar	Kim Johnstone	Ann Evans
	1. Lisa Denny. Population ageing at a sub-national level: A case study on why Tasmania is ageing for different reasons than Australia	1. Karen McGuigan. Net overseas migration	1. Huw Brokensha. When can Indigenous Australians retire? How the proposed increase to the age pension qualifying age affects Aboriginal and Torres Strait Islander persons	1. Reiko Okumura-Rogeaux. Pathways to employment: Experiences among youth in Indonesia
	2. Andrew Taylor, Tony Barnes, Alice Henderson. Not just ageing: Implications from the changing population composition of the Northern Territory for service delivery costs	2. Kasipillai Kandiah, Usha Arif. Long-term economic implications of net overseas migration	2. Jan Salmon. Historic antecedents of Indigenous settlements in the Northern Territory	2. Mohammad Jalal Abbasi-Shavazi, Rasoul Sadeghi, Graeme Hugo, Peter McDonald. Adaptation patterns of Afghan youth in Iran and Australia
	3. Wilma Terblanche. Understanding the growth of centenarian populations across Australian States	3. Diana Smart, John De Maio, Michelle Silbert, Rebecca Jenkinson. Insights from the first wave of the Building a New Life in Australia study	3. Helen Ware. Analysing the Aboriginal/non-Aboriginal mortality gap: Poverty, behaviours and outright discrimination	3. Lixia Qu, Ruth Weston. Leaving and returning to the parental home: What does the 2006-2011 Australian Census Longitudinal Datasets suggest?
	4. Rachael McMillan. A disaster waiting to happen? Elderly people and population ageing in at risk locations	4. Kate Golebiowska, Alicia Boyle. How to engage recently arrived immigrants and refugees in the Darwin labour market to assist the Northern development		4. Jyotsna Tamang. Risky sexual behaviour among young men in Nepal

5.00-5.30	ABS Presentation GRAND BALLROOM 2			
	ABS Transforming People Statistics Project Mr Bjorn Jarvis (Australian Bureau of Statistics)			
7.00-11.00	Conference Dinner: Hobart Function & Conference Centre (Elizabeth Street Pier)			
	FRIDAY 5 DECEMBER 2014			
8.00	Registration			
9.00	Plenary GRAND BALLROOM 2			
	Population mobility in the Pacific region in the 21st century: Trends and prospects Professor Richard Bedford (Auckland University of Technology & University of Waikato) Chair: Denise Carlton			
10.30	Morning tea			
11.00	6A Regional population issues 3	6B Health, wellbeing and morbidity 1	6C Population and environment	6D Population-related issues
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Tom Wilson	Terry Hull	Amina Keygan	Edith Gray
	1. Patrick Corr. Democracy and dollars: Use of demography in distribution with a focus on Tasmania	1. Yan Yu. Obesity and the role of educational attainment in the United States: Changes of a 40-year period	1. Ricardo Safrá de Campos, Martin Bell, Elin Charles-Edwards, Karen McNamara. Living with drought: Understanding the role of mobility in livelihood strategies to cope with climatic variability	1. Yuan Xin. Missing girls in the largest population countries: Comparative between India and China
	2. Phil Browning. Rebasement and recasting of State and Territory population estimates	2. Samba Siva Rao Pasupuleti, Santosh Jatrana. Whether incidence of disability varies by country of birth and duration of residence in Australia? A longitudinal investigation	2. Zhongwei Zhao, Yuan Zhu, Edward Jow-Ching Tu. The impact of extreme temperature on mortality	2. Jennifer Baxter. Exploring child care patterns in the context of parental employment and family characteristics
	3. Angélique Parr. Opening a window on the motivations for return migration in Australia	3. Udoy Saikia, James Chalmers, Gouranga Dasvarma. Health and wellbeing: findings from Assam Wellbeing Survey 2013-14	3. Shelby Canterford, Valdis Juskevics. Housing recovery in South East Queensland following the January 2011 floods	3. Crichton Smith. School sector or school location: Exploring the spatial patterns of NAPLAN outcomes of Australia's schools
	4. Natalie Jackson. Subnational depopulation in New Zealand – Tai timu tangata. Taihoa e?		4. Merve Hosgelen, Udoy Saikia, Gouranga Dasvarma. Population growth and forest dependence in Timor-Leste: Directions for conservation targeted policies	4. Bruce Caldwell. PIAAC: How literate (and numerate) are Australian adults and what are the implications?
12.30	Lunch			
	APA Annual General Meeting			

1.30	7A Measuring Australia's population	7B Health, wellbeing and morbidity 2	7C International migration, migrant populations and ethnicity 2	7D Housing and urbanization
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Patrick Corr	Ian McDermid	Merve Hosgelen	Simone Alexander
	1. Alex Tindale, Natascha Klocker. Geographies of inter-ethnic couples across Australia	1. Tetteh Dugbaza, Brendan Scott, Fadwa Al-Yaman. Differentials in risk factors associated with disparities in birth outcomes between Indigenous and non-Indigenous mothers	1. Christina Ken Yin Yeo. Malaysians in Australia vs. Australians in Malaysia: A comparative study of its motivations, identifications and intentions	1. Tom Wilson, Philipp Ueffing. Understanding recent average household size increases in Australia
	2. Shahidullah. Aboriginal and Torres Strait Islander population projections	2. Suresh Joshi, Santosh Jatrana, Samba Siva Rao Pasupuleti. Does the smoking behavior of foreign-born people converge to the native-born Australians? A longitudinal study	2. George Tan, Kelly McDougall. Australian emigration and diaspora: The role of family geographies in the mobility of Australians in Singapore	2. Philip Tan. Housing options for new migrants in urban areas: Is it really just apartment blocks?
	3. James Raymer. Developing a projection model for Australia's Indigenous interregional migrants	3. Santosh Jatrana. Health service utilization between immigrants and non-immigrants in Australia	3. David Lucas, Barbara Edgar. The Africa-born in Australia, 2011: Employment and education	3. Laurent Toulemon, Sophie Pennec. A lifecourse perspective on two-home residents in France
	4. Elin Charles-Edwards. A framework for understanding temporary populations in Australia	4. Jianxin Li, Xia Cuicui. Socioeconomic status and health: Convergence or divergence (based on the data from CFPS2012)		4. Darren Hossack. The urban dilemma – a comparison of OECD and ABS urban definitions for Australia
3.00	Afternoon tea			
3.30	8A Family formation and life course	8B Mortality and population ageing 2	8C International migration, migrant populations and ethnicity 3	8D Demographic data and methods 2
ROOM	GRAND BALLROOM 1	GRAND BALLROOM 2	GRAND BALLROOM 3	HARBOUR VIEW ROOM 1
CHAIR	Brendan Churchill	Zhongwei Zhao	Usha Arif	James Newell
	1. Alice Falkiner. The effects of dual caring: Investigating the impact of combining informal care with other child care responsibilities	1. Benxiang Zeng, Andrew Taylor. Now you see us: Implications from the emerging seniors cohort in the Northern Territory population	1. Romy Wasserman. Migration between South Africa and Australia	1. Tom Wilson. Investigating alternative cohort-component models for local area population projections
	2. Jennifer Baxter. Motherhood and employment transitions: New research opportunities with the Australian Longitudinal Census Data	2. Alison Day. Is New Zealand facing a dementia epidemic? Projections of the potential number of dementia cases in the 65-plus population at national DHB level, 2011-2051	2. David Graham. Migration as a source of ethnic sustenance: The experience of Australia's Jewish population	2. Simone Alexander, Esther Hogenhout. Introducing SAFi – a new approach to population forecasting
	3. Ha Dao. Mobile phone and gender-power relations in mother-away families	3. Fan Yang, Zifan Yang. Elderly welfare and intergenerational equity under the background of urbanization and ageing	3. Catherine Bladen, Neil Scott. Who said Kiwis don't fly?	3. John Bryant, Kirsten Nissen. Stochastic multiregional population forecasts
	4. Jinying Wang, Huijing Wei. Family structure and family development ability in China based on the CFPS	4. Jiehua Lu, Yue Li. The effects of socio-economic factors on mortality risk of the elderly with cognitive impairment in China: Evidence from CLHLS 2008-2011		
5.00	APA CONFERENCE 2014 ENDS
